## SUMMARY

Pursuing Computer Science degree with a strong foundation in programming, algorithms, and software development. Proficient in languages like Python, Java, and C. Experienced in developing projects in web development and database management. Strong problem-solving skills and a keen interest in learning new technologies. Looking to start a career in a dynamic environment where I can apply my skills and grow as a professional.

## EDUCATION

### Queen mary's college

Bachelor of Science in Computer Science  
2023-2026

## SKILLS

- Strong organizational and time-management skills
- Programming language: Python, Java,C
- web development using HTML
- Data Management:SQL,MySQL
- Ability to work independently and as part of a team
- Detail-oriented and able to handle multiple tasks simultaneously
- Problem solving: Data structure,algorithms, Debugging

## CERTIFICATIONS

- Certification on a day workshop about AI Fundamentals and ChatGPT under NIIT Foundation
- Certification in Object Oriented Programming using Python

## PROJECTS

- Portfolio
- Photo Gallery
- Calculator
- Text Editor
- Traffic Lights

## OBJECTIVE

- Aspiring software developer with a strong foundation in programming and problem-solving.
- Eager to join a forward thinking company where I can utilize my knowledge to develop innovative solutions and further enhance my technical abilities

## INTERESTS

- Passionate about new programming languages and solving problems through code. Enjoy participating in coding challenges.
- Enthusiast for exploring the latest trends in software development, Artificial Intelligence and Machine learning .
- Avid reader of books for self-improvement.
- Active in contributing to open-source projects to collaborate with developers and improve coding practices .

## LANGUAGES

- English
- Urdu
- Hindi
- Tamil

## EXTRACURRICULAR ACTIVITIES

Participation in Debugging competition and won the first prize
